index to volume 55, 1985

A

Accetta, Donald D, Joseph F Kelley, and Raymond R Tubbs: An elderly black woman with a painful "swollen" face. (clinical allergy—immunology rounds) 771, 819

Air filtration. House dust control and asthma: a placebo-control trial of cleaning. (a communication from Australia) Simon D Bowler, Charles A Mitchell, and Jackie Miles. 498

Aizer, F, S Bar-Sela, I Lutsky, G L Baum, H Teichtahl, and A Mazar: Occupational respiratory disease in veterinarians. (a communication from Israel) 153

Alam, Rafeul, Jerzy Rożniecki, and Beata Kuźmińska: A lymphocyte-derived histamine releasing factor in asthmatic patients. III. Further studies. (a communication from Poland) 825

Albuterol in asthma. A comparison of inhaled fenoterol and. Peter König, Nancy L Hordvik, and Ettayapuram V Sunderrajan. 691

Albuterol nebulizer solution for the treatment of asthma. William W Storms, Leonard D Hudson, Arthur C DeGraff, Louis M Mendelson, and Saul Greenstein. 779

Allergen skin tests. Suppressive effects of oral ketotifen on skin responses to histamine, codeine, and. (a communication from the Republic of China) Sharon S M Wang, Soo Ray Wang, and Benjamin N Chiang. 57

Allergenic extracts: a study of the heat stability of white oak, elm, orchard grass, and Bermuda grass. Report of the Committee on Standardization of. (news bulletin & allergy forum) Ralph Hale, William C Grater, Irene B Haydek, Lewis H McConnell, John Santilli, Jr, Merle S Scherr, and Myron J Zett. 86

Allergic and immunologic diseases. The revolution in the approach to. (viewpoint) Anthony S Fauci. 632

Allergic disease. Assessment of *in vitro* IgE testing to diagnose. (review article) L Perelmutter and J Emanuel. 762

Allergic diseases. Update on laboratory studies and relationship to rheumatic and allergic diseases. (review article) Gale A McCarty. 421

Allergic irritability syndrome: four case reports and a position statement from the Neuroallergy Committee of the American College of Allergy. The. Gerald L Klein, Robert W Ziering, Leonard S Girsh, and Michael F Miller. 22

Allergy. A 4- to 10-year follow-up study. Chronic diarrhea due to cow's milk. (a communication from Italy) Luisa Businco, Nicoletta Benincori, A Cantani, Ludovica Tacconi, and Agostilia Picarazzi. 844

Allergy abstracts from around the world. 88, 173, 521, 627

Allergy and adult migraine: double-blind and mediator confirmation of an allergic etiology. Food. Lyndon C Mansfield, T Ray Vaughan, Stephen F Waller, Robert W Haverly, and Stanislaus Ting. 126

Allergy and immunology. Deciding the future for the practice of. (The Bela Schick Lecture for 1984) William Theodore Kniker. 106

Allergy and Tourette's syndrome. Ira Finegold. 119

Allergy to human (recombinant DNA) insulin. Systemic. Ved V Gossian, David R Rovner, and Kanwal Mohan. 116

Allergy to wild animals (deer and elk). Inhalant. Donald N Gillespie, Mary Jo E Dahlberg, and John W. Yunginger. 122

Alperin, Jack B, Charles Ladoulis, Kristin A Moore, J Andrew Grant, and Jafar Farnam: Mononeuritis multiplex and eosinophilia in a patient with asthma. (clinical allergy—immunology rounds) 14, 33

Alveolar macrophage. In defense of the lung: paradoxical role of the pulmonary. (review article) Herbert B Herscowitz. 634

Amabile, Gianandrea, Carlo Zannussi, Elide Pastorello, Claudio Ortolani, Maria Teresa Luraghi, Valerio Pravettoni, Valeria Sillano, and Marco Froldi: Evaluation of allergic etiology in perennial rhinitis. (a communication from Italy) 854

American College of Allergists, February 2–6, 1985, Bal Harbour, Florida. Highlights of the forty-first annual congress of the. (news bulletin and allergy forum) G Frederick Hieber. 83

American College of Allergy. The allergic irritability syndrome: four case reports and a position statement from the Neuroallergy Committee of the. Gerald L Klein, Robert W Ziering, Leonard S Girsh, and Michael F Miller. 22

Aminophylline in the treatment of acute asthmatic attacks. Comparison of intravenous salbutamol (Albuterol) and. (a communication from Israel) J Greif, L Markovitz, and M Topilsky. 504

Anaphylactic response to hydrocortisone in childhood: a case report. (a communication from Canada) Daniel A Goldstein, Barry Zimmerman, and Stephen P Spielberg. 599

An elderly black woman with a painful "swollen" face. (clinical allergy—immunology rounds) Donald D Accetta, Joseph F Kelley, and Raymond R Tubbs. 771, 819

index to volume 55, 1985

Anaphylactic response to hydrocortisone in childhood: a case report. (a communication from Canada) Daniel A Goldstein, Barry Zimmerman, and Stephen P Spielberg. 599

An elderly black woman with a painful "swollen" face. (clinical allergy—immunology rounds) Donald D Accetta, Joseph F Kelley, and Raymond R Tubbs. 771, 819

INDEX TO VOLUME 55, 1985

Anemia and chronic bronchitis associated with a markedly elevated specific IgG to cow's milk protein. Severe. (case report) Gary A Cohen, Gary Hartman, Robert N Hamburger, and Richard O'Connor. 38

Anemia in a 3-year-old boy. Hemoptysis and. (clinical allergy—immunology rounds) Jacov Levy, Gerald B Kolski, and Thomas F Scanlin. 439, 486

Angioedema: polymorphism. Hereditary. (a communication from Argentina) Jose Egidio Fabiani, Guillermo Oscar Simkin, Juliana Leoni, Luis Squiquera, and Enrique Mathov. 830

Animals (deer and elk). Inhalant allergy to wild. Donald N Gillespie, Mary Jo E Dahlberg, and John W Yunginger. 122

Antibody-producing cells from the peripheral blood lymphocytes of atopic patients. A study on IgE. (a communication from Canada) L Perelmutter and P Larocque. 715

Antigens in healthy volunteers: booster effect study. Serial delayed cutaneous hypersensitivity skin testing with multiple recall. (a communication from France) B Lesourd, A Wang, and R Moulias. 729

Antihistamine selection in patients with allergic rhinitis. Kurt von Maur. 458

Antihistamines: perspective on the use of the conventional and new agents. H_1. (a communication from Canada) Michel A Drouin. 747

Apoenzyme reactivation immunoassay. Simple and rapid estimation of serum theophylline concentration using. (a communication from Japan) Akihiro Morikawa, Kimio Tajima, Masato Mitsuhashi, Kenichi Tokuyama, Hiroyuki Mochizuki, and Takayoshi Kuroume. 72

Arlian, L G, David B Moyer, and Harold S Nelson: House dust mites in Colorado. 680

Asthma: a clinical comparison. Once daily inhalation of budesonide in the treatment of chronic. (a communication from Sweden) Goran Stiksa and Christer Glennow. 49

Asthma. A comparative trial of the clinical efficacy and pharmacokinetics of 12-hour and 24-hour controlled release theophylline preparations in patients with chronic. D G Tinkelman, E Miller, D G Janky, J Decouto, and Lorri Edelman. 571

Asthma. A comparison of inhaled fenoterol and albuterol in. Peter König, Nancy L Hordvik, and Ettayapuram V Sunderrajan. 691

Asthma. Albuterol nebulizer solution for the treatment of asthma. William W Storms, Leonard D Hudson, Arthur C DeGraff, Louis M Mendelson, and Saul Greenstein. 779

Asthma among intercollegiate athletes. Identification of exercise-induced. Stephen G Rice, C Warren Bierman, Gail G Shapiro, Clifton T Furukawa, and William E Pierson. 790

Asthma and allergic rhinitis. The significance of the spores of the Basidiomycetes (mushrooms and their allies) in bronchial. John Santilli, Jr, William J Rockwell, and Ralph P Collins. 469

Asthma and its modulation by therapy. The bronchial late response in the pathogenesis of. (a communication from Canada) D W Cockcroft. 857

Asthma: a placebo-control trial of cleaning air filtration. House dust control and. (a communication from Australia) Simon D Bowler, Charles A Mitchell, and Jackie Miles. 498

Asthma caused by accidental allergen exposure in an allergen challenge laboratory. Severe acute occupational. (case report) V H Hoeppner, K Y Murdock, S Kooner, and D W Cockcroft. 36

Asthma. Diagnostic problems in. (review article) Peter König. 95

Asthma. Dust mite avoidance in the treatment of. (guest editorial) Thomas A E Platts-Mills. 419

Asthma: I. Evaluations of successive bronchodilator treatments. Therapy of acute. Joel E Lewis, Warren Richards, Joseph A Church, Anthony Haftel, and Thomas G Keens. 472

Asthma in children. Causes of death from. Myngoc T Nguyen, Kathleen Patterson, and R Michael Sly. 448

Asthma in Hawaii. Tropical island. Gisele Fournier-Massey, D G Massey, S Price, D G McLaughlin, and B L Gordon III. 479

Asthma in silk filatures. Prevalence of occupational. (a communication from India) N Harindranath, Om Prakash, and P V Subba Rao. 511

Asthma. Mononeuritis multiplex and eosinophilia in a patient with. (clinical allergy—immunology rounds) Jafar Farnam, Jack B Alperin, Charles Ladoulis, Kristin A Moore, and J Andrew Grant. 14, 33

Asthma. Procaterol metered-dose inhaler in adults with asthma. William W Storms, Stephen F Bodman, Robert A Nathan, and J Michele Wilson. 476

Asthma. Recurrent acute bronchitis: the association with undiagnosed bronchial. Jeffrey S Hallett and Robert L Jacobs. 568

Asthma. The outpatient management of. (a communication from Canada) Anthony S Rebuck. 507

Asthma. Therapeutic efficacy and equivalence of tablet and syrup formulations of procaterol hydrochloride in childhood. James P Kemp, Michael J Welch, Eli O Meltzer, and H Alice Orgel. 588

Asthmatic: an alternative method of analysis. Response to bronchodilator in the. Bruce J Sobol. 114

Asthmatic attacks. Comparison of intravenous salbutamol (Albuterol) and aminophylline in the treatment of acute. (a communication from Israel) J Greif, L Markovitz, and M Topilsky. 504

Asthmatic children. Correspondence: behavioral strategies and theophylline compliance in. Andrew G Weinstein 16

Asthmatic children by THF, a thymic hormone. Modulation of T-cell subsets in. (a communication from Israel) Batya Shohat, Benjamin Volovitz, Itzhak Varsano, and Nathan Trainin. 52

Asthmatic patient really complying? Is your. Sheldon L Spector. 552

Asthmatic patients. Metered dose inhaler induced bronchospasm in. Josephine Yarbrough, Lyndon E Mansfield, and Stanislaus Ting. 25

INDEX TO VOLUME 55, 1985

Asthmatic subjects. The effect of white wine upon pulmonary function of. Georges M Halpern, M Eric Gershwin, Cornelius Ough, Mark P Fletcher, and Stephen M Nagy Jr. 686

Ataxia telangiectasia: immunologically mediated renal and hepatic failure. (clinical allergy—immunology rounds) L Harrison Pillsbury, Stephen M Peters, Raoul L Wientzen, Terence Phillips, Zoe L Papadopoulou, and Joseph A Bellanti. 539, 593

Athletes. Identification of exercise-induced asthma among intercollegiate. Stephen G Rice, C Warren Bierman, Gail G Shapiro, Clifton T Furukawa, and William E Pierson. 790

Atopic diseases. The. (The Bela Schick Lecture for 1985) Harold S Nelson. 441

Atopic patients. A study on IgE antibody-producing cells from the peripheral blood lymphocytes of. (a communication from Canada) L Perelmutter and P Larocque. 715

Atopic population. The incidence of pine pollen reactivity in an allergic. Richard M Harris and Donald F German. 678

B

Bacillus Calmette Geurin immunotherapy for malignant melanoma patients. Cromolyn prevents bronchospastic attacks caused by. R Wishnitzer, A Eliraz, and A Fink. (a communication from Israel) 167

Banov, Charles H, Gilbert D Barkin, and Joseph A Bellanti: ICACI and why you should be there. (editorial) 1

Barkin, Gilbert D, Joseph A Bellanti, and Charles H Banov: ICACI and why you should be there. (editorial) 1

Barrett, Doreen, Saul Frenkiel, Louise Rochon, Carol Cohen, Martin Black, and Peter Small: Local specific IgE production in nasal polyps associated with negative skin tests and serum RAST. (a communication from Canada) 736

Barrett, Doreen, Saul Frenkiel, Louise Rochon, Carol Cohen, Martin Black, and Peter Small: Measurement of antigen-specific IgE in nasal secretions of patients with perennial rhinitis. (a communication from Canada) 68

Bar-Sela, S, I Lutsky, G L Baum, H Teichtahl, A Mazar, and F Aizer: Occupational respiratory disease in veterinarians. (a communication from Israel) 153

Basidiomycetes (mushrooms and their allies) in bronchial asthma and allergic rhinitis. The significance of the spores of the. John Santilli, Jr, William J Rockwell, and Ralph P Collins. 469

Baum G L, H Teichtahl, A Mazar, F Aizer, S Bar-Sela, and I Lutsky: Occupational respiratory disease in veterinarians. (a communication from Israel) 153

Beaumont, Frits, Henk F Kauffman, Henk J Sluiter, and Klaas de Vries: Sequential sampling of fungal air spores inside and outside the homes of mould-sensitive, asthmatic patients: a search for a relationship to obstructive reactions. (a communication from the Netherlands) 740

Becker, Allan B, F Estelle R Simons, Teresa C Benoit, and Cathy A Gillespie: Terbutaline by metered-dose inhaler: conventional inhaler versus tube spacer for children with asthma. (a communication from Canada) 724

Beclomethasone dipropionate nasal aerosol spray in allergic rhinitis: a comparison of three delivery systems. Eli O Meltzer, William W Busse, Robert K Bush, James P Kemp, H Alice Orgel, and Michael J Welch. 802

Belda, Antonio, Evert Nieboer, Ruth Milner, Carol Rand, and Jerry Dolovich: Associated cutaneous findings in nickel contact sensitivity. (a communication from Canada) 501

Bellanti, Joseph A, Charles H Banov, and Gilbert D Barkin: ICACI and why should you be there. (editorial) 1

Bellanti, J A, A L Boner, and E A Valletta: Improvement of atopic dermatitis following natural measles virus infection. Four case reports. 605

Bellanti, Joseph A, L Harrison Pillsbury, Stephen M Peters, Raoul L Wientzen, Terence Phillips, and Zoe L Papadopoulou: Ataxia telangiectasia: immunologically mediated renal and hepatic failure. (clinical allergy—immunology rounds) 539, 593

Benincori, Nicoletta, A Cantani, Ludovica Tacconi, Agostilia Picarazzi, and Luisa Businco: Chronic diarrhea due to cow's milk allergy. A 4- to 10-year follow-up study. (a communication from Italy) 844

Benoit, Teresa C, Cathy A Gillespie, Allan B Becker, and F Estelle R Simons: Terbutaline by metered-dose inhaler: conventional inhaler versus tube spacer for children with asthma. (a communication from Canada) 724

Bentley, Frederick R, Stephen H Leech, Charles V Sanders, and Prem Kumar: Accidental administration of hepatitis B immune globulin to a patient positive for hepatitis B surface antigen. 683

Bermuda grass RAST binding is minimally inhibited by pollen extracts from ten other grasses. M J Schumacher, J Grabowski, and C M Wagner. 584

Bernstein, David I and I Leonard Bernstein: What's in the beef. (guest editorial) 525

Bernstein, I Leonard and David I Bernstein: What's in the beef. (guest editorial) 525

Bernstein, Joel M: Recent advances in otitis media with effusion. 544

Bierman, C Warren, Gail G Shapiro, Clifton T Furukawa, William E Pierson, and Stephen G Rice: Identification of exercise-induced asthma among intercollegiate athletes. 790

Binggeli, R, E C Hughes, P S Gott, and R C Weinstein: Migraine: a diagnostic test for etiology of food sensitivity by a nutritionally supported fast and confirmed by long-term report. 28

INDEX TO VOLUME 55, 1985

Black, Martin, Peter Small, Doreen Barrett, Saul Frenkiel, Louise Rochon, and Carol Cohen: Local specific IgE production in nasal polyps associated with negative skin tests and serum RAST. (a communication from Canada) 736

Black, Martin, Peter Small, Doreen Barrett, Saul Frenkiel, Louise Rochon, and Carol Cohen: Measurement of antigen-specific IgE in nasal secretions of patients with perennial rhinitis. (a communication from Canada) 68

Bodman, Stephen F, Robert A Nathan, J Michele Wilson, and William W Storms: Procaterol metered-dose inhaler in adults with asthma. 476

Bowler, Simon D, Charles A Mitchell, and Jackie Miles: House dust control and asthma: a placebo-control trial of cleaning air filtration. (a communication from Australia) 498

Boner, A L, E A Valletta, and J A Bellanti: Improvement of atopic dermatitis following natural measles virus infection. Four case reports. (a communiation from Italy) 605

Book reviews. 79

Bronchial late response in the pathogenesis of asthma and its modulation by therapy. The. (a communication from Canada) D W Cockcroft. 857

Bronchial responsiveness. Bronchial inhalation tests. I. Measurement of nonallergic. (review article) D W Cockcroft. 527

Bronchitis associated with a markedly elevated specific IgG to cow's milk protein. Severe anemia and. (case report) Gary A Cohen, Gary Hartman, Robert N Hamburger, and Richard D O'Connor. 38

Bronchitis: the association with undiagnosed bronchial asthma. Recurrent acute. Jeffrey S Hallett and Robert L Jacobs. 568

Bronchodilator in the asthmatic: an alternative method of analysis. Response to. Bruce J Sobol. 114

Bronchodilator responses. Interpretation of. (guest editorial) Constantine J Falliers. 93

Bronchodilator treatments. Therapy of acute asthma: I. Evaluation of successive. Joel E Lewis, Warren Richards, Joseph A Church, Anthony Haftel, and Thomas G Keens. 472

Bronchospasm in asthmatic patients. Metered dose inhaler induced. Josephine Yarbrough, Lyndon E Mansfield, and Stanislaus Ting. 25

Brooks, Carter D, Amy L Nelson, and Carl Metzler: Treatment of ragweed hay fever with flurbiprofen, a cyclooxygenase-inhibiting drug. 557

Brostoff, Jonathan and Claudio Carini: Gut and joint disease. (news bulletin and allergy forum) 624

Bruszer, G, F Pearson, C C Mascoli, K Serkes, and M A Sagoni: Pretreatment serum levels of IgE to chymopapain in reactive patients. 674

Bucholtz, Gerald A, Richard F Lockey, and Deborah Serbousek: Bald cypress tree (*Taxodium distichum*) pollen, an allergen. 805

Buck, Paul and Estelle Levetin: Airborne pollen and mold spores in a subalpine environment. 794

Budesonide in the treatment of chronic asthma: a clinical comparison. Once daily inhalation of. (a communication from Sweden) Goran Stiksa and Christer Glennow. 49

Bush, Robert K, James P Kemp, H Alice Orgel, Michael J Welch, Eli O Meltzer, and William W Busse: Beclomethasone dipropionate nasal aerosol spray in allergic rhinitis: a comparison of three delivery systems. 802

Businco, Luisa, Nicoletta Benincori, A Cantani, Ludovica Tacconi, and Agostilia Picarazzi: chronic diarrhea due to cow's milk allergy. A 4- to 10-year follow-up study. (a communication from Italy) 844

Busse, William W, Robert K Bush, James P Kemp, H Alice Orgel, Michael J Welch, and Eli O Meltzer: Beclomethasone dipropionate nasal aerosol spray in allergic rhinitis: a comparison of three delivery systems. 802

C

Canham W D, J Dolovich, and J A McCulloch: Skin tests for chymopapain allergy. (a communication from Canada) 609

Cantani, A, Ludovica Tacconi, Agostilia Picarazzi, Luisa Businco, and Nicoletta Benincori: Chronic diarrhea due to cow's milk allergy. A 4- to 10-year follow-up study. (a communication from Italy) 844

Carini, Claudio and Jonathan Brostoff: Gut and joint disease. (news bulletin and allergy forum) 624

Carol Cohen, Martin Black, Peter Small, Doreen Barrett, Saul Frenkiel, and Louise Rochon: Local specific IgE production in nasal polyps associated with negative skin tests and serum RAST. (a communication from Canada) 736

Carroll, M Scott, Dennis L Spangler, David G Tinkelman, Gary Z Lotner, and Gerald E Vanderpool: Use of Seralyzer® system for theophylline level determination in an office setting. 454

Castles, James J, Boris Ruebner, Robert D Watson, M Eric Gershwin, and Elizabeth Smithwick: Cutaneous T cell lymphoma and leukocytoclastic vasculitis in a long-term survivor of Wiskott-Aldrich syndrome. (clinical allergy—immunology rounds) 654, 703

Chemical intolerance. The practical approach to the evaluation of suspected environmental exposures: John C Selner and Herman Staudenmayer. 665

Chiang, Benjamin, Sharon S M Wang, and Soo Ray Wang: Suppressive effects of oral ketotifen on skin responses to histamine, codeine, and allergen skin tests. (a communication from the Republic of China) 57

INDEX TO VOLUME 55, 1985

Church, Joseph A, Anthony Haftel, Thomas G Keens, Joel E Lewis, and Warren Richards: Therapy of acute asthma: I. Evaluation of successive bronchodilator treatments. 472

Chymopapain allergy. Skin tests for. (a communication from Canada) J A McCulloch, W D Canham, and J Dolovich. 609

Chymopapain in reactive patients. Pretreatment serum levels of IgE to. M A Sagona, G Bruszer, F Pearson, C C Mascoli, and K Serkes. 674

Cirrhosis and bullous pemphigoid. Membranous nephropathy associated with primary biliary. Pravin C Singhal and Linda A Scharschmidt. 484

Cockcroft, D W: Bronchial inhalation tests I. Measurement of nonallergic bronchial responsiveness. (review article) 527

Cockcroft, D W: The bronchial late response in the pathogenesis of asthma and its modulation by therapy. (a communication from Canada) 857

Cockcroft, D W, V H Hoeppner, K Y Murdock, and S Kooner: Severe acute "occupational asthma" caused by accidental allergen exposure in an allergen challenge laboratory. (case report) 36

Codeine, and allergen skin tests. Suppressive effects of oral ketotifen on skin responses to histamine. (a communication from the Republic of China) Sharon S M Wang, Soo Ray Wang, and Benjamin N Chiang. 57

Cohen, Carol, Martin Black, Peter Small, Doreen Barrett, Saul Frenkiel, and Louis Rochon: Measurement of antigen-specific IgE in nasal secretions of patients with perennial rhinitis. (a communication from Canada) 68

Cohen, Gary A, Gary Hartman, Robert N Hamburger, and Richard D O'Connor: Severe anemia and chronic bronchitis associated with a markedly elevated specific IgG to cow's milk protein. (case report) 38

Collins, Ralph P, John Santilli, Jr, and William J Rockwell: The significance of the spores of the Basidiomycetes (mushrooms and their allies) in bronchial asthma and allergic rhinitis. 469

Colorado. House dust mites in. David B Moyer, Harold S Nelson, and L G Arlian. 680

Communication. A controlled study of education for improving compliance with cromolyn sodium (Intal®): the importance of physician-patient. Samuel LeBaron, Lonnie K Zeltzer, Paul Ratner, and William T Kniker. 811

Compliance with cromolyn sodium (Intal®): the importance of physician-patient communication. A controlled study of education for improving. Samuel LeBaron, Lonnie K Zeltzer, Paul Ratner, and William T Kniker. 811

Contamination of intradermal skin test syringes. Viral. Jerald W Koepke, L Barth Reller, Helen A Masters, and John C Selner. 776

Corticosteroids. An appraisal of the influence of dose frequency on the antiasthmatic activity of inhaled. (guest editorial) J H Toogood. 4

Cow's milk allergy. A 4- to 10-year follow-up study. Chronic diarrhea due to. (a communication from Italy) Luisa Businco, Nicoletta Benincori, A Cantani, Ludovica Tacconi, and Agostilia Picarazzi. 844

Cow's milk protein. Severe anemia and chronic bronchitis associated with a markedly elevated specific IgG to. (case report) Gary A Cohen, Gary Hartman, Robert N Hamburger, and Richard D O'Connor. 38

Cromolyn prevents bronchospastic attacks caused by Bacillus Calmette Geurin immunotherapy for malignant melanoma patient. R Wishnitzer, A Eliraz, and A Fink. (a communication from Israel) 167

Cromolyn sodium (Intal®): the importance of physician-patient communication. A controlled study of education for improving compliance with. Samuel LeBaron, Lonnie K Zeltzer, Paul Ratner, and William T Kniker. 811

Cromolyn sodium on the nasal mast cells. The effects of. (a communication from Japan) Minoru Okuda, Masaki Ohnishi, and Hirokuni Ohtsuka. 721

Cutaneous hypersensitivity skin testing with multiple recall antigens in healthy volunteers: booster effect study. Serial delayed. (a communication from France) B Lesourd, A Wang, and R Moulias. 729

Cutaneous reactions and their *in vitro* correlates. Interrelationships between immediate, intermediate, and delayed. (a communication from Venezuela) Neil R Lynch, José C Hurtado, Omar Verde, Reina I López, and Andres Soyano. 848

Cyclooxygenase-inhibiting drug. Treatment of ragweed hay fever with flurbiprofen, A. Carter D Brooks, Amy L Nelson, and Carl Metzler. 557

Cypress tree (*Taxodium distichum*) pollen, an allergen. Bald. Gerald A Bucholtz, Richard F Lockey, and Deborah Serbousek. 805

D

Dahlberg, Mary Jo E, John W Yunginger, and Donald N Gillespie: Inhalant allergy to wild animals (deer & elk). 122

Decouto, J, Lorri Edelman, D G Tinkelman, E Miller, and D G Janky: A comparative trial of the clinical efficacy and pharmacokinetics of 12-hour and 24-hour controlled release theophylline preparations in patients with chronic asthma. 571

DeGraff, Arthur C, Louis M Mendelson, Saul Greenstein, William W Storms, and Leonard D Hudson: Albuterol nebulizer solution for the treatment of asthma. 779

INDEX TO VOLUME 55, 1985

Delaunois, Luc, Emile Salamon, and Jacques Prignot: Influence of hyposensitization with *Dermatophagoides pteronyssinus* extract on clinical score, total and specific IgE levels, and skin test in asthmatic patients. (a communication from Belgium) 150

Dermatitis following natural measles virus infection. Four case reports. Improvement of atopic. (a communication from Italy) A L Boner, E A Valletta, and J A Bellanti. 605

Dermatophagoides farinae extract. Nonimmunologic activity of. (a communication from Japan) Kenichi Tokuyama, Hiroshi Tamura, Masato Mitsuhashi, Akihiro Morikawa, Hiroyuki Mochizuki, Kimio Tajima, and Takayoshi Kuroume. 601

Dermatophagoides pteronyssinus extract on clinical score, total and specific IgE levels, and skin test in asthmatic patients. Influence of hyposensitization with. (a communication from Belgium) Luc Delaunois, Emile Salamon, and Jacques Prignot. 150

de Vries, Klaas, Frits Beaumont, Henk F Kauffman, and Henk J Sluiter: Sequential sampling of fungal air spores inside and outside the homes of mould-sensitive, asthmatic patients: a search for a relationship to obstructive reactions. (a communication from The Netherlands) 740

Diarrhea due to cow's milk allergy. A 4- to 10-year follow-up study. (a communication from Italy) Luisa Businco, Nicoletta Benincori, A Cantani, Ludovica Tacconi, and Agostilia Picarazzi. 844

Diet (Vivonex®). Experience with an elemental. James W Villaveces and Douglas C Heiner. 783

McConnell, Lewis H, John Santilli, Jr, Merle S Scherr, Myron J Zitt, Ralph Hale, William C Grater, and Irene B Haydik: Report of the Committee on Standardization of Allergenic Extracts: a study of the heat stability of white oak, elm, orchard grass, and Bermuda grass. (news bulletin and allergy forum) 86
McCulloch, J A, W D Canham, and J Dolovich: Skin tests for chymopapain allergy. (a communication from Canada) 609
McLaughlin, D G, B L Gordon III, Gisele Fournier-Massey, D G Massey, and S Price: Tropical island asthma in Hawaii. 479
McNulty, D W, K K Eaton, F S Downing, D A Griffiths, Sophie Lynch, and Susan Hockland: Storage mites culturing, sampling technique, identification and their role in housedust allergy in rural areas in the United Kingdom. (a communication from the United Kingdom) 62
Measles virus infection. Four case reports. Improvement of atopic dermatitis following natural. (a communication from Italy) A L Boner, E A Valletta, and J A Bellanti. 605
Melanoma patient. Cromolyn prevents bronchospastic attacks caused by Bacillus Calmette Geurin immunotherapy for malignant. R Wishnitzer, A Eliraz, and A Fink. (a communication from Israel) 167
Meltzer, Eli O, William W Busse, Robert K Bush, James P Kemp, H Alice Orgel, and Michael J Welch: Beclomethasone dipropionate nasal aerosol spray in allergic rhinitis: a comparison of three delivery systems. 802
Meltzer, Eli O, H Alice Orgel, James P Kemp, and Michael J Welch: Assessment of the correlation of rhinometry with the symptoms and signs of allergic rhinitis in children. 577
Meltzer, Eli, O, H Alice Orgel, James P Kemp, and Michael J Welch: Therapeutic efficacy and equivalence of tablet and syrup formulations of procaterol hydrochloride in childhood asthma. 588
Mendelson, Louis M, Saul Greenstein, William W Storms, Leonard D Hudson, and Arthur C DeGraff: Albuterol nebulizer solution for the treatment of asthma. 779
Metcalfe, Dean D and Ana Maria Saavedra-Delgado: Interactions between food antigens and the immune system in the pathogenesis of gastrointestinal diseases. 694

INDEX TO VOLUME 55, 1985

Metered-dose inhaler: conventional inhaler versus tuber spacer for children with asthma. Terbutaline by. (a communication from Canada) Allan B Becker, F Estelle R Simons, Teresa C Benoit, and Cathy A Gillespie. 724

Metered dose inhaler induced bronchospasm in asthmatic patients. Josephine Yarbrough, Lyndon E Mansfield, and Stanislaus Ting. 25

Metered-dose inhaler in adults with asthma. Procaterol. William W Storms, Stephen F Bodman, Robert A Nathan, and J Michele Wilson. 476

Methacholine challenges. Effect of ipratropium bromide on repeated. (a communication from Greece) Dimitrios Giulekas, Nikolaos Tsakalos, Dimitris Georgopoulos, Despina Papakosta, Viron Sitis, and Christos Vamvalis. 835

Metzler, Carl, Carter D Brooks, and Amy L Nelson: Treatment of ragweed hay fever with flurbiprofen, a cyclooxygenase-inhibiting drug. 557

Migraine: a diagnostic test for etiology of food sensitivity by a nutritionally supported fast and confirmed by long-term report. E H Hughes, P S Gott, R C Weinstein, and R Binggeli. 28

Migraine: double-blind and mediator confirmation of an allergic etiology. Food allergy and adult. Lyndon E Mansfield, T Ray Vaughan, Stephen F Waller, Robert W Haverly, and Stanislaus Ting. 126

Miles, Jackie, Simon D Bowler, and Charles A Mitchell: House dust control and asthma: a placebo-control trial of cleaning air filtration. (a communication from Australia) 498

Milk allergy. A 4- to 10-year follow-up study. Chronic diarrhea due to cow's. (a communication from Italy) Luisa Businco, Nicoletta Benincori, A Cantani, Ludovica Tacconi, and Agostilia Picarazzi. 844

Miller, E, D G Janky, J Decouto, Lorri Edelman, and D G Tinkelman: A comparative trial of the clinical efficacy and pharmacokinetics of 12-hour and 24-hour controlled release theophylline preparations in patients with chronic asthma. 571

Miller, Michael F, Gerald L Klein, Robert W Ziering, and Leonard S Girsh: The allergic irritability syndrome: four case reports and a position statement from the Neuroallergy Committee of the American College of Allergy. 22

Milner, Ruth, Carol Rand, Jerry Dolovich, Antonio Belda, and Evert Nieboer: Associated cutaneous findings in nickel contact sensitivity. (a communication from Canada) 501

Mitchell, Charles A, Jackie Miles, and Simon D Bowler: House dust control and asthma: a placebo-control trial of cleaning air filtration. (a communication from Australia) 498

Mites culturing, sampling technique, identification and their role in housedust allergy in rural areas in the United Kingdom. Storage (a communication from the United Kingdom) K K Eaton, F S Downing, D A Griffiths, Sophie Lynch, Susan Hockland, and D W McNulty. 62

Mites in Colorado. House dust. David B Moyer, Harold S Nelson, and L G Arlian. 680

Mitsuhashi, Masato, Akihiro Morikawa, Hiroyuki Mochizuki, Kimio Tajima, Takayoshi Kuroume, Kenichi Tokuyama, and Hiroshi Tamura: Nonimmunologic activity of *Dermatophagoides farinae* extract. (a communication from Japan) 601

Mitsuhashi, Masato, Kenichi Tokuyama, Hiroyuki Mochizuki, Takayoshi Kuroume, Akihiro Morikawa, and Kimio Tajima: Simple and rapid estimation of serum theophylline concentration using apoenzyme reactivation immunoassay. (a communication from Japan) 72

Mitsuhashi, Masato, Kenichi Tokuyama, Kimio Tajima, Akihiro Morikawa, Takayoshi Kuroume, and Hiroyuki Mochizuki: A new method of estimating bronchial hyper-responsiveness in younger children. (a communication from Japan) 162

Miyamoto, Terumasa, Seiichi Kitani, and Koji Ito: IgG, IgA, and IgM antibodies to mite in sera and sputa from asthmatic patients. (a communication from Japan) 612

Mochizuki, Hiroyuki, Takoyoshi Kuroume, Akihiro Morikawa, Kimio Tajima, Masato Mitsuhashi, and Kenichi Tokuyama: Simple and rapid estimation of serum theophylline concentration using apoenzyme reactivation immunoassay. (a communication from Japan) 72

Mochizuki, Hiroyuki, Masato Mitsuhashi, Kenichi Tokuyama, Kimio Tajima, Akihiro Morikawa, and Takayoshi Kuroume: A new method of estimating bronchial hyper-responsiveness in younger children. (a communication from Japan) 162

Mochizuki, Hiroyuki, Kimio Tajima, Takayoshi Kuroume, Kenichi Tokuyama, Hiroshi Tamura, Masato Mitsuhashi, and Akihiro Morikawa: Nonimmunologic activity of *Dermatophagoides farinae* extract. (a communication from Japan) 601

Mohan, Kanwal, Ved V Gossain, and David R Rovner: Systemic allergy to human (recombinant DNA) insulin. 116

Mold spores in a subalpine environment. Airborne pollen and. Paul Buck and Estelle Levetin. 794

Mononeuritis multiplex and eosinophilia in a patient with asthma. (clinical allergy—immunology rounds) Jafar Farnam, Jack B Alperin, Charles Ladoulis, Kristin A Moore, and J Andrew Grant. 14, 33

Moore, Kristin A, J Andrew Grant, Jafar Farnam, Jack B Alperin, and Charles Ladoulis: Mononeuritis multiplex and eosinophilia in a patient with asthma. (clinical allergy—immunology rounds) 14, 33

Morikawa, Akihiro, Takayoshi Kuroume, Hiroyuki Mochizuki, Masato Mitsuhashi, Kenichi Tokuyama, and Kimio Tajima: A new method of estimating bronchial hyper-responsiveness in younger children. (a communication from Japan) 162

Morikawa, Akihiro, Hiroyuki Mochizuki, Kimio Tajima, Takayoshi Kuroume, Kenichi Tokuyama, Hiroshi Tamura, and Masato Mitsuhashi; Nonimmunologic activity of *Dermatophagoides farinae* extract. (a communication from Japan) 601

INDEX TO VOLUME 55, 1985

Morikawa, Akihiro, Kimio Tajima, Masato Mitsuhashi, Kenichi Tokuyama, Hiroyuki Mochizuki, and Takayoshi Kuroume: Simple and rapid estimation of serum theophylline concentration using apoenzyme reactivation immunoassay. (a communication from Japan) 72

Mould-sensitive, asthmatic patients: a search for a relationship to obstructive reactions. Sequential sampling of fungal air spores inside and outside the homes of. (a communication from The Netherlands) Frits Beaumont, Henk F Kauffman, Henk J Sluiter, Klaas deVries. 740

Moulias, R, B Lesourd, and A Wang: Serial delayed cutaneous hypersensitivity skin testing with multiple recall antigens in healthy volunteers: booster effect study. (a communication from Venezuela) 729

Moyer, David B, Harold S Nelson, and L G Arlian: House dust mites in Colorado. 680

Mucus hypersecretion. The role of eicosanoids in respiratory (review article) Jens D Lundgren, James H Shelhamer, and Michael A Kaliner. 5

Mue, Suetsugu, Gentamura, Hiroshi Ohtsu, Tetsuhiro Ohmi, Toshiharu Ishihara, and Tamotsu Takishima: Inhalation provocation test with house dust allergen using tidal breathing. (a communication from Japan) 143

Multicenter study. Assessing the efficacy and safety of Q D theophylline therapy: A. Robert J Dockhorn, Andrew W Green, and Elaine Green. 658

Murdock, K Y, S Kooner, D W Cockroft, and V H Heoppner: Severe acute "occupational asthma" caused by accidental allergen exposure in an allergen challenge laboratory. (case report) 36

N

Nagy, Stephen M, Georges M Halpern, M Eric Gershwin, Cornelius Ough, and Mark P Fletcher: The effect of white wine upon pulmonary function of asthmatic patients. 686

Nathan, Robert A, J Michele Wilson, William W Storms, and Stephen F Bodman: Procaterol metered-dose inhaler in adults with asthma. 476

Nebulizer solution for the treatment of asthma. Albuterol. William W Storms, Leonard D Hudson, Arthur C DeGraff, Louis M Mendelson, and Saul Greenstein. 779

Nelson, Amy L, Carl Metzler, and Carter D Brooks: Treatment of ragweed hay fever with flurbiprofen, a cyclooxygenase-inhibiting drug. 557

Nelson, Harold S: The atopic diseases. (The Bela Schick Lecture for 1985) 441

Nelson, Harold S, L G Arlian, and David B Moyer: House dust mites in Colorado. 680

Nephropathy associated with primary biliary cirrhosis and bullous pemphigoid. Membraneous. Pravin C Singhal and Linda A Scharschmidt. 484

Nickle contact sensitivity. Associated cutaneous findings in. (a communication from Canada) Antonio Belda, Evert Nieboer, Ruth Milner, Carol Rand, and Jerry Dolovich. 501

Nieboer, Evert, Ruth Milner, Carol Rand, Jerry Dolovich, and Antonio Belda: Associated cutaneous findings in nickel contact sensitivity. (a communication from Canada) 501

Nguyen, Myngoc T, Kathleen Patterson, and R Michael Sly: Causes of death from asthma in children. 448

O

"Occupational asthma" caused by accidental allergen exposure in an allergen challenge laboratory. Severe acute. (case report) V H Hoeppner, K Y Murdock, S Kooner, and D W Cockcroft. 36

Occupational asthma in silk filatures. Prevalence of. (a communication from India) N Harindranath, Om Prakash, and P V Subba Rao. 511

Occupational respiratory disease in veterinarians. (a communication from Israel) I Lutsky, G L Baum, H Teichtahl, A Mazar, F Aizer, and S Bar-Sela. 153

O'Connor, Richard D, Gary A Cohen, Gary Hartman, and Robert N Hamburger: Severe anemia and chronic bronchitis associated with a markedly elevated specific IgG to cow's milk protein. (case report) 38

Ohmi, Tetsuhiro, Toshiharu Ishihara, Tamotsu Takishima, Suetsugu Mue, Gen Tamura, and Hiroshi Ohtsu: Inhalation provocation test with house dust allergen using tidal breathing. (a communication from Japan) 143

Ohnishi, Masaki, Hirokuni Ohtsuka, and Minoru Okuda: The effects of cromolyn sodium on the nasal mast cells. (a communication from Japan) 721

Ohtsu, Hiroshi, Tetsuhiro Ohmi, Toshiharu Ishihara, Tamotsu Takishima, Suetsugu Mue, and Gen Tamura: Inhalation provocation test with house dust allergen using tidal breathing. (a communication from Japan) 143.

Ohtsuka, Hirokuni, Minoru Okuda, and Masaki Ohnishi: The effects of cromolyn sodium on the nasal mast cells. (a communication from Japan) 721

Okuda, Minoru, Masaki Ohnishi, and Hirokuni Ohtsuka: The effects of cromolyn sodium on the nasal mast cells. (a communication from Japan) 721

Orgel, H Alice, James P Kemp, Michael J Welch, and Eli O Meltzer: Assessment of the correlation of rhinometry with the symptoms and signs of allergic rhinitis in children. 577

Orgel, H Alice, James P Kemp, Michael J Welch, and Eli O Meltzer: Therapeutic efficacy and equivalence of tablet and syrup formulations of procaterol hydrochloride in childhood asthma. 588

INDEX TO VOLUME 55, 1985

Orgel, H Alice, Michael J Welch, Eli O Meltzer, William W Busse, Robert K Bush, and James P Kemp: Beclomethasone dipropionate nasal aerosol spray in allergic rhinitis: a comparison of three delivery systems. 802

Ortolani, Claudio, Maria Teresa Luraghi, Valerio Pravettoni, Valeria Sillano, Marco Froldi, Gianandrea Amabile, Carlo Zannussi, and Elide Pastorello: Evaluation of allergic etiology in perennial rhinitis. (a communication from Italy) 854

Otitis media with effusion. Recent advances in. Joel M Bernstein. 544

Ough, Cornelius, Mark P Fletcher, Stephen M Nagy, Jr, Georges M Halpern, and M Eric Gershwin: The effect of white wine upon pulmonary function of asthmatic subjects. 686

Outpatient clinic. Routine use of skin testing for immediate penicillin allergy to 6,764 patients in an. (a communication from Brazil) 157

Spielberg, Stephen P, Daniel A Goldstein, and Barry Zimmerman: Anaphylactic response to hydrocortisone in childhood: a case report. (a communication from Canada) 599
Squiquera, Luis, Enrique Mathov, José Egidio Fabiani, Guillermo Oscar Simkin, and Juliana Leoni: Hereditary angioedema: polymorphism. (a communication from Argentina) 830
Status asthmaticus with acute respiratory failure. (clinical allergy—immunology rounds) Samuel Vasquez-Agosto and Bettina C Hilman. 104, 130
Staudenmayer, Herman and John C Selner: The practical approach to the evaluation of suspected environmental exposures: chemical intolerance. 665
Stiksa, Goran and Christer Glennow: Once daily inhalation of budesonide in the treatment of chronic asthma: a clinical comparison. (a communication from Sweden) 49
Storms, William W, Leonard D Hudson, Arthur C DeGraff, Louis M Mendelson, and Saul Greenstein: Albuterol nebulizer solution for the treatment of asthma. 779
Storms, William W, Stephen F Bodman, Robert A Nathan, and J Michele Wilson: Procaterol metered-dose inhaler in adults with asthma. 476
St-Pierre, J P, M Kobric, and A Rackham: Effect of ketotifen treatment on cold-induced urticaria. (a communication from Canada) 840
Subalpine environment. Airborne pollen and mold spores in a. Paul Buck and Estelle Levetin. 794
Subba Rao, P V, N Harindranath, and Om Prakash: Prevalence of occupational asthma in silk filatures. (a communication from India) 511
Sunderrajan, Ettayapuram V, Peter König, and Nancy L Hordvik: A comparison of inhaled fenoterol and albuterol in asthma. 691
Syringes. Viral contamination of intradermal skin test. Jerald W Koepke, L Barth Reller, Helen A Masters, and John C Selner. 776
Szefler, Stanley J: Theophylline and its fickle unpredictability of absorption. 580

T

Tacconi, Ludovica, Agostilia Picarazzi, Luisa Businco, Nicoletta Benincori, and A Cantani: Chronic diarrhea due to cow's milk allergy. A 4- to 10-year follow-up study. (a communication from Italy) 844
Tajima, Kimio, Takayoshi Kuroume, Kenichi Tokuyama, Hiroshi Tamura, Masato Mitsuhashi, Akihiro Morikawa, and Hiroyuki Mochizuki: Nonimmunologic activity of *Dermatophagoides farinae* extract. (a communication from Japan) 601

INDEX TO VOLUME 55, 1985

Tajima, Kimio, Masato Mitsuhashi, Kenichi Tokuyama, Hiroyuki Mochizuki, Takayoshi Kuroume, and Akihiro Morikawa: Simple and rapid estimation of serum theophylline concentration using apoenzyme reactivation immunoassay. (a communication from Japan) 72

Tajima, Kimio, Akihira Morikawa, Takayoshi Kuroume, Hiroyuki Mochizuki, Masato Mitsuhashi, and Kenichi Tokuyama: a new method of estimating bronchial hyper-responsiveness in younger children. (a communication from Japan) 162

Takishima, Tamotsu, Suetsugu Mue, Gen Tamura, Hiroshi Ohtsu, Tetsuhiro Ohmi, and Toshiharu Ishihara: Inhalation provocation test with house dust allergen using tidal breathing. (a communication from Japan) 143

Tamura, Gen, Hiroshi Ohtsu, Tetsuhiro Ohmi, Toshiharo Ishihara, Tamotsu Takishima, and Suetsugu Mue: Inhalation provocation test with house dust allergen using tidal breathing. (a communication from Japan) 143

Tamura, Hiroshi, Masato Mitsuhashi, Akihiro Morikawa, Hiroyuki Mochizuki, Kimio Tajima, Takayoshi Kuroume, and Kenichi Tokuyama: Nonimmunologic activity of *Dermatophagoides farinae* extract. (a communication from Japan) 601

(*Taxodium distichum*) pollen, an allergen. Bald cypress tree. Gerald A Bucholtz, Richard F Lockey, and Deborah Serbousek. 805

T cell lymphoma and leukocytoclastic vasculitis in a long-term survivor of Wiskott-Aldrich syndrome. Cutaneous. (clinical allergy—immunology rounds) Robert D Watson, M Eric Gershwin, Elizabeth Smithwick, James J Castles, and Boris Ruebner. 654, 703

T-cell subsets in asthmatic children by THF, a thymic hormone. Modulation of. (a communication from Israel) Batya Shohat, Benjamin Volvitz, Itzhak Varsano, and Nathan Trainin. 52

Teichtahl, H, A Mazar, F Aizer, L Bar-Sela, I Lutsky, and G L Baum: Occupational respiratory disease in veterinarians. (a communication from Israel) 153

Terbutaline by metered-dose inhaler: conventional inhaler versus tube spacer for children with asthma. (a communication from Canada) Allan B Becker, F Estelle R Simons, Teresa C Benoit, and Cathy A Gillespie. 724

Theophylline and its fickle unpredictability of absorption. Stanley J Szefler. 580

Theophylline compliance in asthmatic children. Correspondence: behavioral strategies and. Andrew G Weinstein 16

Theophylline concentration using apoenzyme reactivation immunoassay. Simple and rapid estimation of serum. (a communication from Japan) Akihiro Morikawa, Kimio Tajima, Masato Mitsuhashi, Kenichi Tokuyama, Hiroyuki Mochizuki, and Takayoshi Kuroume. 72

Theophylline for the forgetful asthmatic. Sustained release. Andrew G Weinstein. 563

Theophylline level determination in an office setting. Use of Seralyzer® system for. Gary Z Lotner, Gerald E Vanderpool, M Scott Carroll, Dennis L Spangler, and David G Tinkelman. 454

Theophylline preparations in patients with chronic asthma. A comparative trial of the clinical efficacy and pharmacokinetics of 12-hour and 24-hour controlled release. D G Tinkelman, E Miller, D G Janky, J Decouto, and Lorri Edelman. 571

Theophylline therapy: a multicenter study. Assessing the efficacy and safety of Q D. Robert J Dockhorn, Andrew W Green, and Elaine Green. 658

Thymic hormone. Modulation of T-cell subsets in asthmatic children by THF, a. (a communication from Israel) Batya Shohat, Benjamin Volovitz, Itzhak Varsano, and Nathan Trainin. 52

Ting, Stanislaus, Lyndon E Mansfield, T Ray Vaughan, Stephen F Waller, and Robert W Haverly: Food allergy and adult migraine: double-blind and mediator confirmation of an allergic etiology. 126

Ting, Stanislaus, Robert W Haverly, Tai June Yoo, and Lyndon E Mansfield: The incidence and clinical implications of hypersensitivity to papain in an allergic population, confirmed by blinded oral challenge. 541

Ting, Stanislaus, Josephine Yarbrough, and Lyndon E Mansfield: Metered dose inhaler induced bronchospasm in asthmatic patients. 25

Tinkelman, D G, E Miller, D G Janky, J Decouto, and Lorri Edelman: A comparative trial of the clinical efficacy and pharmacokinetics of 12-hour and 24-hour controlled release theophylline preparations in patients with chronic asthma. 571

Tinkelman, David G, Gary Z Lotner, Gerald E Vanderpool, M Scott Carroll, and Dennis L Spangler: Use of Seralyzer® system for theophylline level determination in an office setting. 454

Tokuyama, Kenichi, Hiroyuki Mochizuki, Takayoshi Kuroume, Akihiro Morikawa, Kimio Tajima, and Masato Mitsuhashi: Simple and rapid estimation of serum theophylline concentration using apoenzyme reactivation immunoassay. (a communication from Japan) 72

Tokuyama, Kenichi, Kimio Tajima, Akihiro Morikawa, Takayoshi Kuroume, Hiroyuki Mochizuki, and Masato Mitsuhashi: A new method of estimating bronchial hyper-responsiveness in younger children. (a communication from Japan) 162

Tokuyama, Kenichi, Hiroshi Tamura, Masato Mitsuhashi, Akihiro Morikawa, Hiroyuki Mochizuki, Kimio Tajima, and Takayoshi Kuroume: Nonimmunologic activity of *Dermatophagoides farinae* extract. (a communication from Japan) 601

Toogood, J H: An appraisal of the influence of dose frequency on the antiasthmatic activity of inhaled corticosteroids. (guest editorial). 4

Topilsky M, J Greif, and L Markovitz: Comparison of intravenous salbutamol (Albuterol) and aminophylline in the treatment of acute asthmatic attacks. (a communication from Israel) 504

Tourette's syndrome. Allergy and. Ira Finegold. 119

INDEX TO VOLUME 55, 1985

Trainin, Nathan, Batya Shohat, Benjamin Volovitz, and Itzhak Varsano: Modulation of T-cell subsets in asthmatic children by THF, a thymic hormone. (a communication from Israel) 52

Tsakalos, Nikolaos, Dimitris Georgopoulos, Despina Papakosta, Viron Sitis, Christos Vamvalis, and Dimitrios Giulekas: Effect of ipratropium bromide on repeated methacholine challenges. (a communication from Greece) 835

Tubbs, Raymond R, Donald D Acceta, and Joseph F Kelley: An elderly black woman with a painful "swollen" face. (clinical allergy—immunology rounds) 771, 819

U

United Kingdom. Storage mites culturing, sampling technique, identification and their role in housedust allergy in rural areas in the. (a communication from the United Kingdom) K K Eaton, F S Downing, D A Griffiths, Sophie Lynch, Susan Hockland, and D W McNulty. 62

Urticaria. Effect of ketotifen treatment on cold-induced. (a communication from Canada) J P St-Pierre, M Kobric, and A Rackham. 840

V

Valletta, E A, J A Bellanti, and A L Boner: Improvement of atopic dermatitis following natural measles virus infection. Four case reports. (a communication from Italy) 605

Vamvalis, Christos, Dimitrios Giulekas, Nikolaos Tsakalos, Dimitris Georgopoulos, Despina Papakosta, and Viron Sitis: Effect of ipratropium bromide on repeated methacholine challenges. (a communication from Greece) 835

Vanderpool, Gerald E, M Scott Carroll, Dennis L Spangler, David G Tinkelman, and Gary Z Lotner: Use of Seralyzer® system for theophylline level determination in an office setting. 454

Varsano, Itzhak, Nathan Trainin, Batya Shohat, and Benjamin Volovitz: Modulation of T-cell subsets in asthmatic children by THF, a thymic hormone. (a communication from Israel) 52

Vasculitis in a long-term survivor of Wiskott-Aldrich syndrome. Cutaneous T cell lymphoma and leukocytoclastic. (clinical allergy—immunology rounds) Robert D Watson, M Eric Gershwin, Elizabeth Smithwick, James J Castles, and Boris Ruebner. 654, 703

Vasquez-Agosto, Samuel and Bettina C Hilman: Status asthmaticus with acute respiratory failure. (clinical allergy—immunology rounds) 104, 130

Vaughan, T Ray, Stephen F Waller, Robert W Haverly, Stanislaus Ting, and Lyndon E Mansfield: Food allergy and adult migraine: double-blind and mediator confirmation of an allergic etiology. 126

Verde, Omar, Reina I López, Andres Soyano, Neil R Lynch, and José C Hurtado: Interrelationships between immediate, intermediate, and delayed cutaneous reactions and their *in vitro* correlates. (a communication from Venezuela) 848

Veterinarians. Occupational respiratory disease in. (a communication from Israel) I Lutsky, G L Baum, H Teichtahl, A Mazar, F Aizer, and S Bar-Sela. 153

Villaveces, James W and Douglas C Heiner: Experience with an elemental diet (Vivonex®). 783

Virus infection. Four case reports. Improvement of atopic dermatitis following natural measles. (a communication from Italy) A L Boner, E A Valletta, and J A Bellanti. 605

(Vivonex®). Experience with an elemental diet. James W Villaveces and Douglas C Heiner. 783

Volovitz, Benjamin, Itzhak Varsano, Nathan Trainin, and Batya Shohat: Modulation of T-cell subsets in asthymatic children by THF, a thymic hormone. (a communication from Israel) 52

von Maur, Kurt: Antihistamine selection in patients with allergic rhinitis. 458

W

Wagner, C M, M J Schumacher, and J Grabowski: Anti-Bermuda grass RAST binding is minimally inhibited by pollen extracts from ten other grasses. 584

Waller, Stephen F, Robert W Haverly, Stanislaus Ting, Lyndon E Mansfield, and T Ray Vaughan: Food allergy and adult migraine: double-blind and mediator confirmation of an allergic etiology. 126

Wang, A, R Moulias, and B Lesourd: Serial delayed cutaneous hypersensitivity skin testing with multiple recall antigens in healthy volunteers: booster effect study. (a communication from France) 729

Wang, Sharon S M, Soo Ray Wang, and Benjamin N Chiang: Suppressive effects of oral ketotifen on skin responses to histamine, codeine, and allergen skin tests. (a communication from the Republic of China) 57

Wang, Soo Ray, Benjamin N Chiang, and Sharon S M Wang: Suppressive effects of oral ketotifen on skin responses to histamine, codeine, and allergen skin tests. (a communication from the Republic of China) 57

Watson, Robert D, M Eric Gershwin, Elizabeth Smithwick, James J Castles, and Boris Ruebner: Cutaneous T cell lymphoma and leukocytoclastic vasculitis in a long-term survivor of Wiskott-Aldrich syndrome. (clinical allergy—immunology rounds) 654, 703

Weinstein, Andrew G: Correspondence: behavioral strategies and theophylline compliance in asthmatic children. 16
Weinstein, Andrew G: Sustained release theophylline for the forgetful asthmatic. 563
Weinstein, R C, R Binggeli, E C Hughes, and P S Gott: Migraine: a diagnostic test for etiology of food sensitivity by a nutritionally supported fast and confirmed by long-term report. 28
Welch, Michael J, Eli O Meltzer, H Alice Orgel, and James P Kemp: Assessment of the correlation of rhinometry with the symptoms and signs of allergic rhinitis in children. 577
Welch, Michael J, Eli O Meltzer, H Alice Orgel, and James P Kemp: Therapeutic efficacy and equivalence of tablet and syrup formulations of procaterol hydrochloride in childhood asthma. 588
Welch, Michael J, Eli O Meltzer, William W Busse, Robert K Bush, James P Kemp, and H Alice Orgel: Beclomethasone dipropionate nasal aerosol spray in allergic rhinitis: a comparison of three delivery systems. 802
Wientzen, Raoul L, Terence Phillips, Zoe L Papadopoulou, Joseph A Bellanti, L Harrison Pillsbury, and Stephen M Peters: Ataxia telangiectasia: immunologically mediated renal and hepatic failure. (clinical allergy—immunology rounds) 539, 593
Wilson, J Michele, William W Storms, Stephen F Bodman, and Robert A Nathan: Procaterol metered-dose inhaler in adults with asthma. 476
Wine upon pulmonary function of asthmatic subjects. The effect of white. Georges M Halpern, M Eric Gershwin, Cornelius Ough, Mark P Fletcher, and Stephen M Nagy, Jr. 686
Wiskott-Aldrich syndrome. Cutaneous T cell lymphoma and leukocytoclastic vasculitis in a long-term survivor of. (clinical allergy—immunology rounds) Robert D Watson, M Eric Gershwin, Elizabeth Smithwick, James J Castles, and Boris Ruebner. 654, 703
Wishnitzer, R, A Eliraz, and A Fink: Cromolyn prevents bronchospastic attacks caused by Bacillus Calmette Geurin immunotherapy for malignant melanoma patient. (a communication from Israel) 167
Wojdani, Aristo, Soudabeh Etessami, and Geoffrey P Cheung: IgG is not the only inhibitor of IgE in the RAST test. 463

Y

Yarbrough, Josephine, Lyndon E Mansfield, and Stanislaus Ting: Metered dose inhaler induced bronchospasm in asthmatic patients. 25
Yoo, Tai June, Lyndon E Mansfield, Stanislaus Ting, and Robert W Haverly: The incidence and clinical implications of hypersensitivity to papain in an allergic population, confirmed by blinded oral challenge. 541
Yunginger, John W, Donald N Gillespie, and Mary Jo E Dahlberg: Inhalant allergy to wild animals (deer & elk). 122

Z

Zannussi, Carlo, Elide Pastorello, Claudio Ortolani, Maria Teresa Luraghi, Valerio Pravettoni, Valeria Sillano, Marco Froldi, and Gianandrea Amabile: Evaluation of allergic etiology in perennial rhinitis. (a communication from Italy) 854
Zeltzer, Lonnie K, Paul Ratner, William T Kniker, and Samuel LeBaron: A controlled study of education for improving compliance with cromolyn sodium (Intal®): the importance of physician-patient communication. 811
Ziering, Robert W, Leonard S Girsh, Michael F Miller, and Gerald L Klein: The allergic irritability syndrome: four case reports and a position statement from the Neuroallergy Committee of the American College of Allergy. 22
Zimmerman, Barry, Stephen P Spielberg, and Daniel A Goldstein: Anaphylactic response to hydrocortisone in childhood: a case report. (a communication from Canada) 599
Zitt, Myron J, Ralph Hale, William C Grater, Irene B Haydik, Lewis H McConnell, John Santilli, Jr, and Merle S Scherr: Report of the Committee on Standardization of Allergenic Extracts: a study of the heat stability of white oak, elm, orchard grass, and Bermuda grass. (news bulletin and allergy forum) 86
